## WHO ARE WE?

Founded in 1993, IBC's members consist of a wide range of nationalities and industries representing the collective interests of the international business community. IBC is an independently run not-for-profit membership organization focused on Investing in Cambodia's Future.

During the course of the year, IBC arranges 12 business meetings, (RGM & Open Meetings) that have a guest speaker or panel to discuss topical items in the current environment. These meetings also include lunch to encourage networking between members.

IBC is also the secretariat for Working Group D (WGD) on Tax Law and Governance. Private Sector WGD meetings are the first step of a formal process to raise industry issues to the Royal Government.

Seminars and networking events are a much-anticipated way to bring together potential investors and the business community creating incredible opportunities for all stakeholders.
